Klang Valley Evangelistic Meetings

DNA, Man and His Origin was the theme of this year's combined English Churches Evangelistic effort which was conducted at the PJ SDA English church nightly from May 31-June 6, 2009. The Speaker was Dr Sang K. Lee, a Preventive Medicine Specialist with keen interest in Human Gene and Genome Science. The nightly meetings were attended by members of the Klang Valley SDA churches and their friends. There was a nightly attendance of about 150, as Dr Sang Lee took us on a journey of discovering God's design and plan of the human being. The meetings were also advertised in the local papers. The invitees expressed a sincere desire and appreciated God's desire for the human body. One naturopathy practitioner & his wife travelled a long distance nightly to listen to the presentation.
